Reading

Three trees grow near our school. The lime tree is short and the guava tree is taller than the lime tree. The mango tree is the tallest of the three. We water the trees and keep the ground clean.

1. Where do the trees grow?

2. How many trees are there?

3. Which is taller: the guava tree or the lime tree?

4. Which tree is the tallest?

5. How do the children care for the trees?

Speaking or writing: Compare three real or imaginary trees or animals. Use taller, bigger and the tallest in suitable sentences.
